## Ovation Offers Carbon Neutral Corporate Travel

[Ovation Travel Group](#), the 11th largest corporate travel management company in the U.S., has launched a new initiative, ECOvation, to make its clients' business travel carbon neutral.

Working with [Carbonfund.org](#), Ovation determined the carbon footprint of its business travel and is offsetting its own carbon footprint by investing in renewable energy. Along with offsetting its own carbon footprint, Ovation Travel Group will make this ECOvation initiative available to its clients. Participants can take part at whatever level they are comfortable with including offsetting all or a portion of their business's carbon emissions and reducing their emission baseline where possible.
